

The Buck Family Missionaries to France

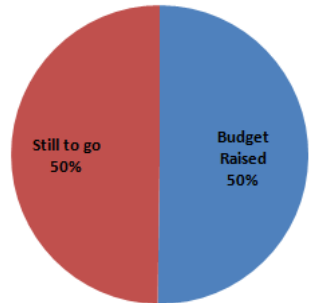

Church planting, Outreach, Media ministry

Lyon
For our God is a consuming fire
Heb. 12:29

December 16, 2009

We have now raised 50% of our monthly support budget! For months we've scheduled services, preached, travelled from town to town, spoken about the spiritual emptiness of the French people. We've worked hard—and we'll continue in this work until we have raised the funds needed to plant churches and start Christian Internet television in Lyon, France. If you haven't already made a commitment to help us in this work, you can do so now—just fill out the form on the back of this letter, or go to our website (www.sendthefire.org/support) to fill out the form online.

Europe is the only continent in the world where the church is shrinking. Yet, 75% of philosophy majors in French universities choose the subject because they want to know the meaning of life. There is a new thirst in this new generation.

How effective is internet ministry? Can people really get saved at their computer? According to GodRev.com, every 60 seconds a person makes a decision to follow Christ through a website. 58.1% of French people are on the internet, using cell phones and wireless laptops, sitting at a café, in the park, or even riding the bus. How do you share the good news with someone who is wearing headphones? Through internet radio and internet television, God is touching hearts and changing lives, and people lost in an online world can be found.

France will soon celebrate Christmas without Jesus. It is a national holiday, but the message of Christ means nothing to them. **Most of them have never heard of salvation!**

With God's help and yours, we intend to change that... one life at a time.

This Christmas season, **we want to say thank you!**

If you pray for us, THANK YOU!

If you support us financially, THANK YOU!

Partnering together, we will see lives changed for eternity.

In the harvest fields together with you,

Ed and Kirsten,
Rebecca, Jeanne and Jonathan Buck
