## So Close—to France

We are almost there! We have nearly raised our budget to return to France for four more years. We only need \$200 in monthly commitments to reach our goal.

For those who are already supporting us, **Thank You!** For those who have not yet, we need your help. As we all work together we will see God do amazing things in France, bringing the light of Christ to those living in darkness.

Only 8 more \$25/mo commitments, or 4 more \$50/mo commitments and our budget will be complete and we can return to France.

As soon as our budget is met, we can apply for visas and buy plane tickets. With your help, we will make a difference in France.

## So Close—to the cathedral

1.5 million people visit Chartres cathedral each year, but almost all of them are tourists. They don't pray; they take photos of the architecture and the splendid decorations!

How can this be? 400 years ago, almost all French people would have identified themselves as Protestant or Catholics. The Protestants were expelled in the 1600's and the revolution of 1789 began suppressing Catholicism. Today, most say, "I don't believe in God."

## So Close—to Jesus

I met Véronique in Lyon, but she didn't grow up there. She lived in a town with no evangelical church, and no believers, either.

When she moved to Lyon at age 30, she met believers doing street evangelism.

She heard — for the first time in her life — that Jesus could save her from her sins.

She soon made a decision to follow Him, and now she speaks to people on the sidewalk about how the Messiah has changed her life. There are many more Véroniques out there who need to hear. Please help us by supporting us monthly, so that more people who have never heard can hear, too! To make a monthly commitment, visit our website at [www.sendthefire.org](http://www.sendthefire.org) and click the Commit button.

## Thoughts

If God wills the evangelization of the world, and you refuse to support missions, then you are opposed to the will of God.

**Oswald J. Smith**

*So Close—  
to total  
darkness!*

"In a thoroughly secular culture, the chances of ever hearing the gospel—let alone believing it—were incredibly slim." - Guillaume Bignon. Guillaume did hear the gospel - because he met a believer. Less than 1% of France is born again. Most French people do not know a single believer. We who know Him, must go to them! God is not willing that any should perish, but that all should come to repentance. Your faithful monthly support makes it possible for us to go. Don't they have a right to hear the gospel, too - at least once in their lives?
